Follow Us:   

MEGANITE® is:

- 1. NON-POROUS AND EASY TO CLEAN**  
Seamless design to prevent mold, mildew or bacteria growth. Non-absorbent to liquids, and no permanent staining to surfaces with proper cleaning.
- 2. DURABLE**  
Tough, high density material to withstand intensive daily use.
- 3. CERTIFIED TO HYGIENIC STANDARDS**  
Green Guard Gold for indoor air quality; NSF for nonporous surface. Will not harbor or promote the growth of mold, mildew or bacteria
- 4. RENEWABLE**  
Easy to repair damage after heavy wear and tear.
- 5. VERSATILE**  
Can be molded and flexibly designed in various forms to American Disability Act ADA-compliant spaces.
- 6. CONSISTENCY**  
Color delivered with dependable consistency for one or more spaces. Over 1000 colors available, and create your own custom colors.
- 7. FACILITY-MANAGEMENT- FRIENDLY**  
Easy to clean and maintain by healthcare staff.

### THERMOFORMABILITY

allows integration for surface tops and sinks, offering a smooth, curved, and seamless design free of crevices which capture dirt, promoting a clean and hygienic environment in which mold and bacteria cannot grow.

## Your Solid Surface Solution For Your Next Healthcare Project

**MEGANITE®** solid surface material delivers attractive design combined with exceptional performance for all healthcare applications. **MEGANITE®** meets the demands of today's healthcare environments with its versatility, durability, thermoformability, and easy maintenance, unlocking design possibilities for healthcare architects and designers.
