1/2" (12 mm) sheet

MEGANITE provides high performance acrylic solid surface used as countertops, backsplashes, window sills, sinks, shower walls, and transaction tops that work wonderfully for residential and commercial applications.

X Series is the advanced technology which cause scratches to be darker and less visible compared to standard dark colors. This color has inherent reflective properties which needs to be considered during the specification, design and fabrication processes to allow best results.

Visit Technical Resource Section on MEGANITE website for more details.
